

EPA LIST N

EPA approved on List N, for use against SARS-CoV-2, the cause of COVID-19.

GERMICIDAL PRODUCTS

A SMARTER, SAFER WAY TO CLEAN + DISINFECT

Citric acid-based germicidal products deliver powerful efficacy against pathogens — without the harmful, irritating effects of other chemical disinfectants — in Ready to Use (RTU) and easy-to-use wipe format that enables one-step, no-rinse cleaning and disinfection.

POWERFUL DISINFECTION - BROAD EFFICACY

Proven, broad spectrum, hospital-grade antimicrobial efficacy — virucidal, germicidal, fungicidal and tuberculocidal. Meets OSHA requirements for bloodborne pathogens and EPA List N criteria for use against SARS-CoV-2, the virus that causes COVID-19.

IDEAL FOR HARD, NON-POROUS SURFACES

Formulated for fast, effective cleaning and disinfection of hard, nonporous surfaces such as stainless steel, chrome, glass, plastic and vinyl. Ideal for use on door knobs, bed rails, monitoring equipment and other digital monitors, telephones, light switches, faucet handles and other high-touch surfaces.

CITRIC ACID-BASED — NON-IRRITATING

A better alternative to quat-, alcohol- or bleach-based disinfectants. EPA Category IV (lowest level of toxicity) requiring no precautionary statements or PPE — will not irritate skin, eyes or lungs. Highly biodegradable ingredients, leaving no harmful or irritating residues.

ONE-STEP, NO-RINSE CLEANING & DISINFECTION

Proven efficacy in the presence of 5% organic soil load. 5-minute contact time for disinfection; 1-minute contact time for sanitization.¹ Enables one-step cleaning and disinfection — no pre-cleaning or post-rinsing steps required.
